I travel frequently to South Carolina and use Uber every time I'm there. I feel safe, the rates are very reasonable and with no cash to have to worry about great for business travelers too! I urge you to work with Uber and keep this great service running in South Carolina.

Thanks for your time,

Capt. Jot Owens

It seems odd to me that a republican state, supposedly committed to free enterprise, would succumb to the lobbying efforts of a special interest group that seeks to limit freedom of choice and new business creation and thereby limit the rights of South Carolinians to choose their method of transportation. Isn't that what you are doing by demanding that Uber cease and desist operations in the Palmetto state? What's with that, PSC? Hands off our freedom of choice!
